# What students say about LTC

"One of the best decisions I ever made was going to LTC! I learned so much about leadership in such a short amount of time and had so much fun doing it! I made new friendships that will definitely last a lifetime and I have never been in such a supportive environment where I felt so comfortable being myself! I cannot wait to take the leadership skills I learned at LTC back to my community! One of the best experiences of my life and I will definitely be back for LTC Advanced!"

**Maura Baker - West Orange High School**

"LTC was one of the best experiences of my life. It was filled with wonderful activities and workshops. This includes learning about effective communication, time management and team building. I encourage students who are involved with student council to go to LTC. They won't regret it. LTC will not only make you a great leader, it will make you a better person!"

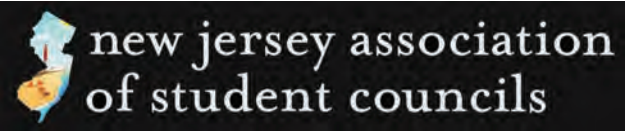

**Sam Stinson - Stewartsville Middle School**

**We'll give you a really BIG welcome...after 3 days & 2 nights you won't want to leave!**

LTC is offered for two sessions of three days and two nights each July at **The College of New Jersey**, centrally located in Ewing Township with modern air-conditioned residential townhouse and academic facilities! You'll develop **valuable leadership skills** like public speaking, effective communication, teamwork, conflict resolution, project planning, problem solving, decision making, time management, goal setting...and so much more!

We invite YOU to become part of **OVER 60 YEARS** of leadership training excellence at LTC, the oldest continually operating state Leadership Training Conference in the nation!

The **OLDEST** continually operating State

# What adults say about LTC

"My daughter chose LTC over attending a sports camp that week. She could not have made a better decision! She returned on Saturday energized and excited after having what she called 'one of the best times of her life'. The friends she made and the life lessons she learned far out weigh any week at a sports camp. I know she will carry this experience with her for a long time. She can't wait for next year! Keep doing what you're doing!"

**Jim Kellar, Parent - Kingsway Regional High School**

"I am always thrilled when a student tells me they will be attending LTC. I know they will come back excited and motivated to make a difference and will have the skills to do so. LTC creates leaders, listeners, communicators and problem solvers who see the world as a place they can change and improve; our schools need teenagers like this. I am always amazed at the amount of positive energy that can be generated by one group of people!"

**Dr. Denis Mulroony, Assistant Superintendent**  
Parsippany-Troy Hills School District

**Get your leadership RISING! Come back for LTC Advanced and get ready to SOAR...**

**LTC ADVANCED** is a program for student leaders who have already attended LTC and are ready for MORE! Each year, over forty student leaders return to LTC and take their leadership skills to the next level. LTC Advanced delegates will develop a project to improve their school or community, while getting the tools and skills to make it happen!

Any **rising sophomore or older** that already attended LTC as a middle level or high school delegate is invited back to experience **advanced leadership training** that will prepare them for the challenges of high school and beyond, all while re-living four days and three nights of the **unique social experience** that is LTC!
