

The South Brunswick Activities and Student Council were supported by local vendors and clubs to join the entire South Brunswick area for the first annual Bonfire. The event was advertised in stores, all elementary and middle schools, and restaurants to get as many attendees as possible!

Where did this all take place? You can have it at your football field or at a local park. Make sure to get permission from the fire marshal.

Who should you go to?

- Go to your principal to propose the idea and get an approval
- Get together with your Activities Coordinator to plan the event on a night of an event; like a football game or other event like Homecoming!

Reach out:

- to clubs who are looking to earn some club money and support from students
- to local vendors who can donate prizes, food, drinks, or even entertainment
- to Class Council to have booths (snacks, water, glow sticks, spirit wear, blankets, etc.)

Advertise (IN ADVANCE):

- Hang posters around the school
- Make announcements in advance
- Send out a letter to all households/Place on Community Message Boards/Database

**Have a FUN Family Night with friends and families  
from the whole community!**
